Numeracy Homework

Your new Numeracy teacher has set you some special homework to keep your brains ticking over on those long summer days. This will include addition, subtraction, multiplication and division. You will also need to learn all your times tables (2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12), so that you can quickly recall the answers. This is an essential skill that will help in all your Numeracy lessons. We will be testing how well you can do this, when you return!

Handwriting Homework

As you move into year 5, presentation becomes even more important. We would like you to practise your handwriting over the holidays. All children will be using pens and will be expected to join up their work. So please, be sweet and get neat!

Diary Dates

Wednesday 1st September - Staff Development Day (So don't come to school yet!)

Thursday 2nd September - First Day of term (Yes, with all the homework!)

Have a brilliant summer and come back fresh and eager to learn lots more!
